

**Mission Statement**

It is the mission of the Rogers Community-School Recreation Association to provide a variety of activities and sports that promote health in both mind and body, through fellowship and good sportsmanship.

### **League Basics**

The Rogers Community School-Recreation Association (RCSRA) Board of Directors is charged with establishing policies and guidelines that govern our youth recreational sports programs. This group of individuals takes this responsibility very seriously, keeping in mind that the ultimate goal is for every child to have the opportunity to participate, regardless of athletic ability or financial status.

The RCSRA and Rogers Recreation Department staffs implement the policies and guidelines established by the RCSRA Board of Directors. The League Directors constantly strive to make each experience a positive influence in the participant's life.

### **Website**

The Recreation website is a valuable resource that we use for conveying information. Forms used by the league, game schedules, rules, cancellations due to inclement weather, and other announcements and information can be found at [www.rogersar.gov](http://www.rogersar.gov).

### **Coaching Procedures**

1. Prior to attending any practices or games, each head coach and assistant coach must complete a volunteer coaching application. The application can be found on the website or at the Rogers Activity Center.
2. Head coaches will contact the parents of the players on their teams as soon as possible after the coaches meetings, to notify them of the time that the first practices will be held.
3. Each head coach should hold a parent/child meeting prior to or at the beginning of the first practice. At this time the coaches can communicate what they expect of the players and the parents, as well as what the players and parents can expect of them. At this time, the coach can hand out a team phone tree, roster, and any additional team information.
4. Head coaches choose the time and location of practices. Practice times will be arranged at the coaches meeting. A scrimmage, meeting, or team assembly is considered to be a "practice".
5. Head coaches should arrive a few minutes early to practice in order to be ready to begin at the scheduled practice time. Coaches are encouraged to create a schedule for each practice, to ensure that each practice includes sessions devoted to conditioning and skill development.
6. Practice sessions will be an hour and a half for grades six through eight and one hour for all other grades.
7. UNREGISTERED players are NOT allowed to participate in any practices or games.
8. Each team is responsible for picking up after each practice or game.
9. EQUIPMENT: Coaches and players are encouraged to use any equipment that they may have. If you do not have your own equipment, contact the League Director and

some will be assigned to you. Coaches are required to turn in gear at the end of the season. The league provides each player a game shirt.

10. Coaches DO NOT assign players to teams. Any parent who approaches a coach regarding team placement should be referred to the League Director.
11. Coaches are the only ones on the court that can talk to the officiating staff. Please communicate this to the parents and spectators of your team.

### **Dealing with Parents**

Communication is essential to successfully controlling any situation that may develop during the season. Communication begins with you making the first move. Have a parent meeting to discuss the plans for the team and upcoming season. Also set the ground rules and code of conduct. This parent meeting is imperative. The best way to avoid problems is to make sure everyone is on the same page and understands the rules.

As a coach it is important to let players know that you believe in them, whether they are the star of the team or the least talented player. Remember, coaching is not about winning or losing...it is about providing an opportunity for each child to experience the game.

### **Team Parent**

There are several functions throughout the season that require coordination. These events will be much easier for you to manage if you have an efficient team parent who can organize the players and parents. Team parents can help bring snacks and drinks for games and practices, organize team meetings, keep accurate records in the team scorebook, be an extra hand at practice, etc.

### **Program Evaluations**

Program evaluations are extremely important and help us evaluate and plan for the next season. Please fill out and encourage all parents to fill out a parent evaluation form at the end of the season. The forms can be found on the website or at the Rogers Activity Center and turned into the front desk.

### **Weather Cancellations**

**If schools are closed due to bad weather, all practices and games are cancelled.** If school is cancelled on Friday, games still have the opportunity to be played on Saturday. We post weather cancellations on our rain-out line (631-0336) (Press option #1), Facebook (Rogers Parks & Recreation) and website (<http://www.rogersar.gov/1101/Parks-And-Recreation>). Cancellations will be posted by 4:00pm for weeknight games and by 8:00am on Saturday games.
