

1. Name and Job Title

Bradley Neugent, Firefighter/EMT

2. How long have you been with the Rogers Fire Department

I have worked at Rogers for two years.

3. Where were you born and raised

I was born in Little Rock, Arkansas and grew up in Bryant, Arkansas.

4. Why did you choose Rogers

I was a student at NWACC in their Fire Protection program and knew once I completed school I wanted to be working for Rogers. RFD is a fast paced, challenging, and extremely rewarding job. I saw that from the outside and knew that's what I wanted.

5. What do you love about your job

My favorite part of working for Rogers is being part of our Special Operations Team. The team handles emergency situations that require special and complex systems and approaches to handling the emergency. The team does things such as Collapsed Structure response, Confined Space and Trench Rescues, Swift water Rescues, we have certified SCUBA Divers and everyone is trained in HAZMAT emergency response too. HAZMAT is my favorite part of being a SOT member! I love how challenging it can be to

learn everything, and there are so many classes that you can travel across the country and take!

6. If you were talking to a friend that's considering working for the RFD, what would you tell them?

Be prepared to work hard every day of your life. Learn what it means to never quit. You work 48 hours straight, but then you'll be off for 4 days. Its public service, you'll never be rich but you'll always be comfortable. The most fun and most rewarding "job" that exists!
